

BIO-ORGANIC CATALYST
THE POWER IN NATURE®

PHYTO-CAT™
PHYTO-CATALYST™

BIO-CATALYTIC WATER & SOIL CONDITIONER

Phyto-Cat™ is a bio-catalytic water and soil conditioner that offers a non-toxic, non-caustic cleaning of slime and mineral fouling in irrigation lines and emitters.

Phyto-Cat™ is designed to enhance soil microbiology, and the solubility of nutrients, so they can be utilized by roots in a more efficient manner, allowing greater root growth and enhanced uptake.

Phyto-Cat™ attributes include:

- Maintains clean irrigation lines and emitters.
- Promotes aerobic soil conditions and microbiology.
- Improves moisture penetration and retention.
- Enhances the bioavailability of nutrients.
- Improves root growth.

Phyto-Cat™ offers a breakthrough ecological agricultural technology for benefiting plant and soil health.

Phyto-Cat™ can be used for a maintenance clean-out of drip lines and emitters at a dosage rate of liter (34 oz.) per acre.

Phyto-Cat™ can also be used on a periodic basis during the growing season, or concurrently with fertilizer use, to help maintain clean lines and emitters.

Water Quality Informs Dosage Rate Requirements.

Phyto-Cat™ can be used on a periodic basis to enhance soil conditions for allowing improved nutrient and water uptake in ranges from 1:1,000 to 1:25,000 depending upon crop and soil conditions.

Not for organic crop or organic food production.

PRODUCT SPECIFICATIONS

Phyto-Cat™ is non-toxic, non-caustic, and safe to handle.

Recommended Shelf Life: 2 years.

Storage Temperatures: Minimum 2°C, Maximum 50°C.

CONTENTS

Water, highly purified bio-organic catalysts from plant and mineral sources, non-ionic surfactants.

CAUTION

Keep out of the reach of children. If product from this container splashes in eyes, rinse well with water.

SEAL OF SAFETY

The Bio-Organic Seal of Safety is our commitment to offering the highest bio-aquatic safety on the market today.
