

BIO-ORGANIC CATALYST
THE POWER IN NATURE®

POOL-CAT™

BIO-CATALYTIC WATER CLARIFIER

Pool-Cat™ transforms pool water maintenance through an advanced bio-catalytic chemistry that surpasses the performance of polymers and enzyme-based products.

- Delivers powerful oxygen activation with nano-bubbles for exceptionally safe, clean, and clear water quality.
- Produces the most sparkling clear water quality.
- Suitable for fresh and salt water pools.
- Lowers harsh skin irritating chemicals and reduces sanitizer consumption by 40 - 60%.
- Eliminates mineral scaling of tiles and filters, lowers maintenance costs.
- Ensures better water clarity to the pool bottom, reduces backwashing.
- Enhances the safety and health of swimmers.

DIRECTIONS

For the first week, add 5 capfuls (2 1/2 oz) for every 10,000 gallons (100 ml per 100 m³) of water into the pool skimmer/filter box. Thereafter, each week, add 2 capfuls (1/2 oz) for every 10,000 gallons (40 ml per 100 m³) of water into the pool skimmer/filter box. If the pool is very heavily used, add twice a week.

CONTENTS

Water, highly purified yeast extracts, non-ionic surfactants.

CAUTION

Keep out of the reach of children. If product splashes in eyes, rinse well with water.

Net Contents: 16 oz. (473 ml.)

The Bio-Organic Seal of Safety™ is our commitment to offering advanced green biocatalytic solutions that transform the treatment of water.
